

# Love Metal Clay?

If you love metal clay, or want to learn more about it, welcome to AMCAW, the Alliance for Metal Clay Arts Worldwide! We are an organization of artists devoted to helping others discover the magic of metal clay and develop the skills to create amazing art with it.

## Over 90 step-by-step tutorials

An affordable \$60 annual membership brings you more than 90 step-by-step tutorials (many with video). That's less than \$1 per tutorial, and more are continually being added! Tutorials are available for all skill levels, so you can learn at your own pace.

## Frequent live presentations by top artists

Members are invited to frequent live presentations from today's top artists with a great project or focus on a metal clay topic. Join us live to ask questions, or enjoy the recordings at your convenience later. You also gain access to our entire library of recorded presentations.

## Learning Center with all kinds of metal clay help

Want to learn more about the basics or have a technical question? Our Learning Center is a great place to get information and tips, from setting stones to firing your work. Whether you're a beginner or working on advanced skills, you'll find help here.

## Plus so much more!

We have created ways for members to get their work published (in our calendar, the only metal clay publication still in print), build their artist resumes and win great prizes in our biannual challenges - and all for free!

## Interested?

Visit [www.amcaw.org/join](http://www.amcaw.org/join) or scan the QR code to the right for more information or to join. You'll be glad you did!

May 15-21, 2024  
Bradford, U.K.

## Are you ready for the metal clay mega-event of 2024?

Join the fun at SINTER! It's 3 days of metal clay fun, with 20 presentations by today's top metal clay artists, an international metal clay exhibition, 12 optional hands-on workshops, a metal clay shopper's paradise, and so much more.

Don't miss this opportunity to meet and mingle with your favourite artists, and make dozens of new metal clay friends during three days of learning and fun!

For more information, visit [www.sinterevent.com](http://www.sinterevent.com) or scan the QR code.
